ABOUT ME

Diploma 3rd year student with strong programming skills in C, C++, Java, and Python. I have developed projects such as todo List manager, Student Management System And Inventory Management using C++. I am passionate about problem-solving and software development, and I am interested in building a career in AI and Data Analysis while applying my current programming skills in real-world applications.

EDUCATION

2024 - 2027

Jawantrao Sawant
Polytechnic

Diploma in Computer Engineering (Pursuing)

Currently studying core subjects like Programming in C/C++, Data Structures, Java, Python and Computer Fundamentals.
Developing practical skills through academic projects and hands-on coding.

Passed in 2024

Angel High School &
jr. College

SSC (10th Standard)

Completed secondary education with focus on Mathematics and Science.

PROJECTS

To-Do List Manager (C++)

- Developed a console-based application to manage daily tasks efficiently
- Implemented features like add, delete, update, and view tasks

Student Management System (C++)

- Built a system to manage student records efficiently
- Used file handling for storing and retrieving data

Inventory Management System (C++)

- Designed a system to track and manage product details
- Improved data organization using structured programming

SKILLS

- Programming Languages:** C, C++, Java, Python
- Concepts:** OOP, File Handling, Basic Data Structures
- Tools:** Git, GitHub
- linkedin Profile:** https://www.linkedin.com/in/prathmesh-nakate_3683bb34a/
